

2013 NAPSR Southern Region Meeting

April 24, 2013

2013 SGA Chairman's Theme

"Reaching New Heights"

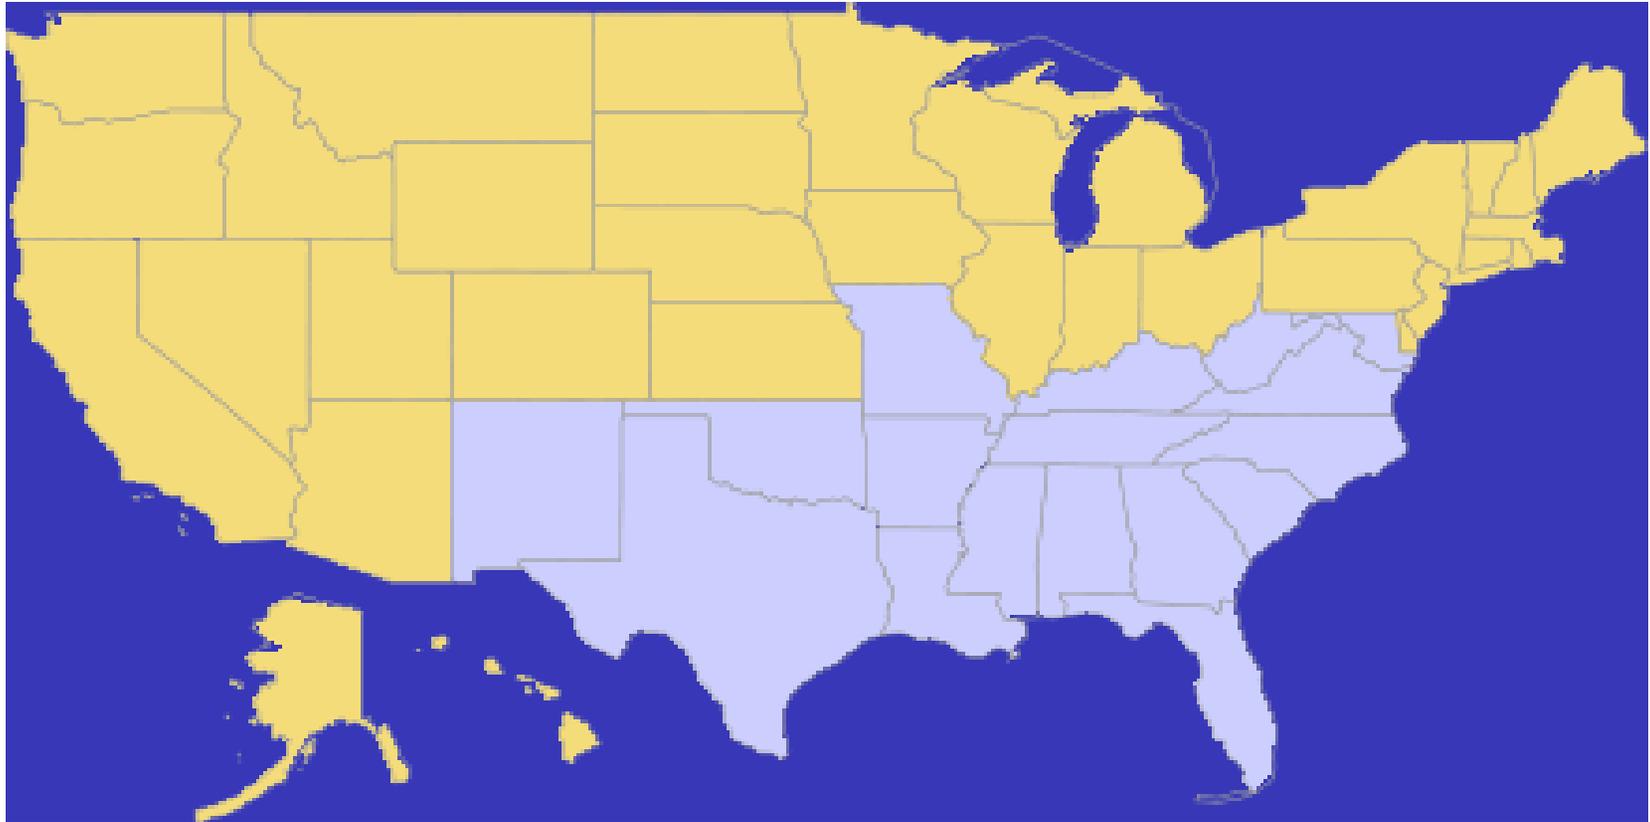

Today's Roadmap

- Who is the SGA?
- SGA DIM Efforts
- Accelerated Replacement Programs
- Construction Inspection
- Texas Pipeline Awareness Alliance (TPAA)
- DOT Compliance Program
- Pipeline Safety Culture
- Questions From Our Members

Our Brands

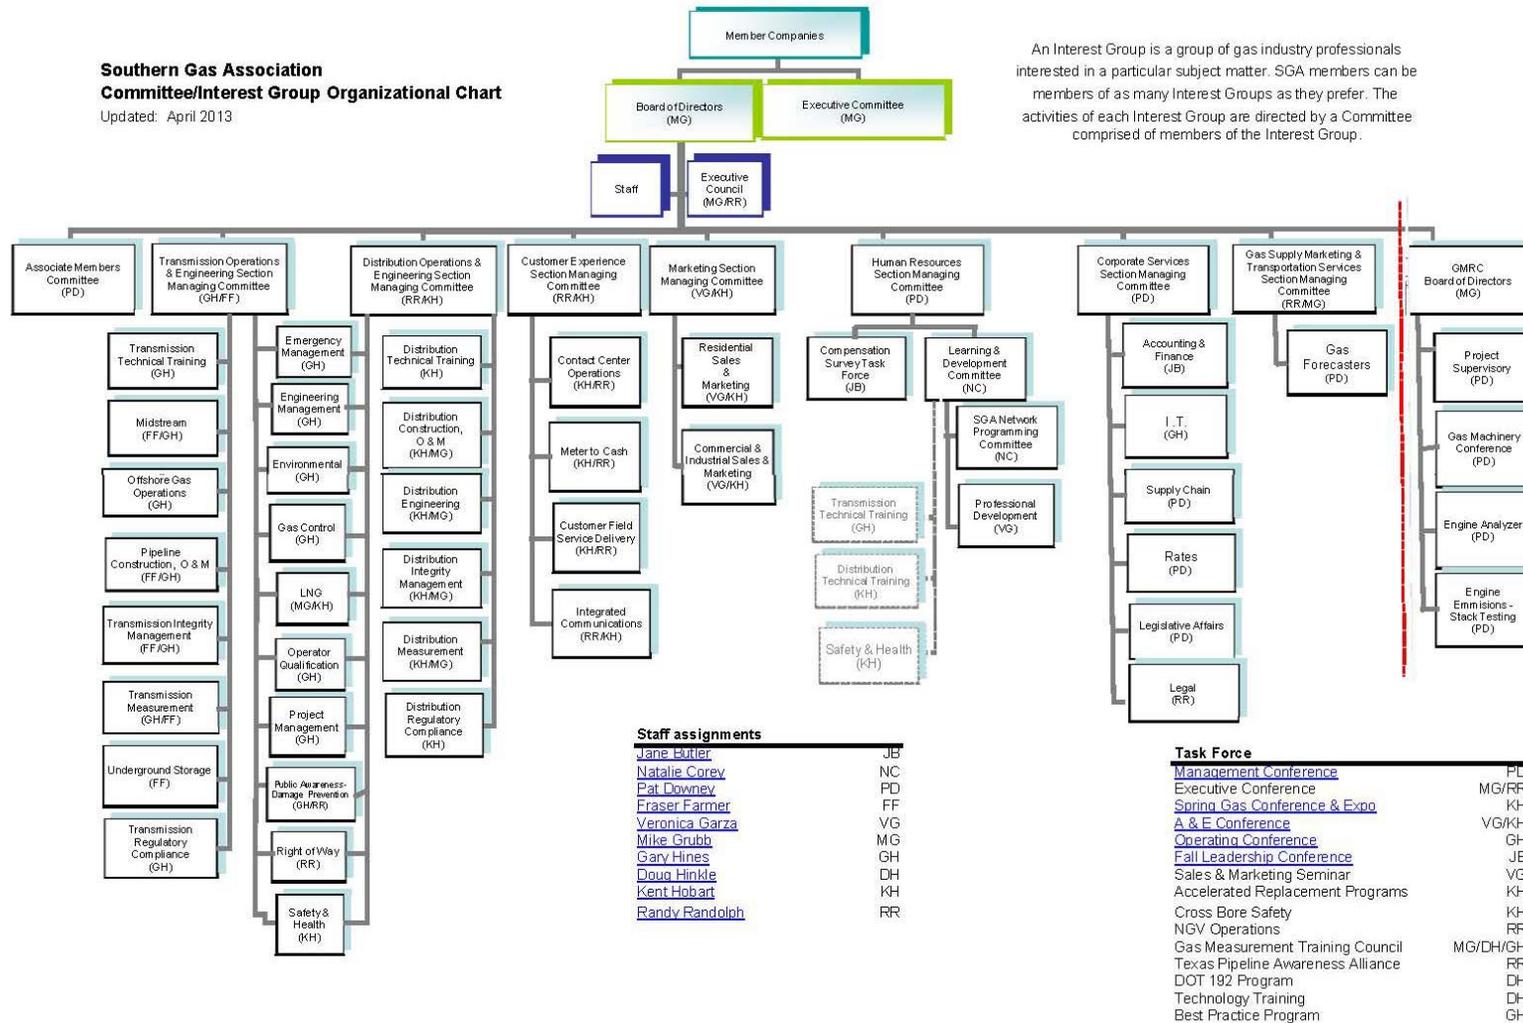

Our Footprint

How We Support Member Companies

Southern Gas Association Committee/Interest Group Organizational Chart

Updated: April 2013

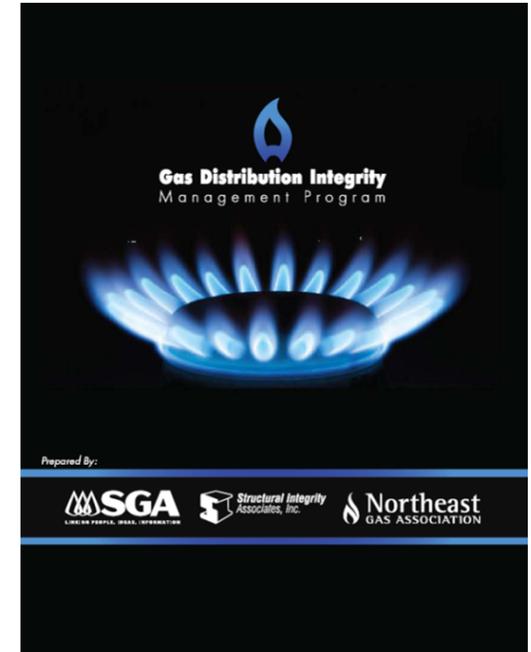

An Interest Group is a group of gas industry professionals interested in a particular subject matter. SGA members can be members of as many Interest Groups as they prefer. The activities of each Interest Group are directed by a Committee comprised of members of the Interest Group.

Distribution Integrity Management

DIM Framework Document

- Joint Industry Project with both NGA & SGA Members
- Developed by Operators for Operators
- 57 Companies, Serving 37 Million Customers
- Sets Framework for Operator's Own Plans
- Voluntarily Based

Distribution Integrity Management

Everything DIM Workshop

- March 12 & 13 in Charlotte
- SGA Spring Gas Conference
- 58 Participants
- Agenda Items
 - Leak Management
 - Public Awareness
 - Measuring Program Effectiveness
 - GIS
 - Regulator Panel

DIM Roundtable

- July 23 & 24 in Houston
- SGA Operating Conference
- Agenda Items
 - Regulatory & Compliance Update

Construction Inspection Roundtable

- Offered Virtually via WebEx
- May 29
- Limited to 10 Companies
- Items for Discussion
 - Comparison of forms used for documentation.
 - What are you actually inspecting?
 - Who is doing the inspecting?
 - How are you training?
 - How do you see regulatory changes impacting your inspection practices?

Texas Pipeline Awareness Alliance

(TPAA)

- Pipeline Safety Awareness Partnership
- Public Awareness Focused
- TV, Radio, Print & Web Media
- Media being used successfully by NGA & TGA
- Visit <http://pipeline-safety.org/> to learn more
- Contact Randy Randolph @ SGA for more information (rrandolph@southerngas.org)

SGA DOT Compliance Program

- Used to “Introduce” Students to Code Requirements
- SGA Online Compliance Portal
 - Share ideas, find useful information, access links and discuss operator issues
- Multiple Learning Opportunities
 - Onsite (Single Operator or Public Offerings)
 - Single or Multiple Day Flexibility
 - Online Modules (Pick and Choose Modules Needed)

Program was developed using material created by PHMSA TQ trainers and subject matter experts within the industry. Ongoing activity sponsored by SGA distribution and transmission technical training and regulatory compliance committees

Pipeline Safety Culture Panel

- How do you install a culture of safety in your organization?
- What works well?
- What doesn't work well?
 - **Nuclear Power Industry**
Gary Close, Director of Site Services, Pacific Gas & Electric, Diablo Canyon Nuclear Generating Station
 - **Petrochemical Industry**
Jerry Forest, Global Process Safety Manager, Celanese
 - **Airline Industry**
Timothy J. Logan, Director Safety Risk Management, Southwest Airlines

Top 5 Questions From Our Members

5. What are the expectations in measuring individual elements/mitigation strategies or accelerated actions?

Top 5 Questions From Our Members

4. What additional pieces of data do regulators see Operators needing to collect for future reporting?

Top 5 Questions From Our Members

3. As a regulator, what have you seen from an Operator that has made an impression on you and may be a recommendation for the rest of the Operators?

Top 5 Questions From Our Members

2. What is the expectation in measuring performance of the DIM program?

Top 5 Questions From Our Members

1. What are the elements you will be looking for when evaluating an effective DIMP program and/or in the first required program reviews from Operators in 2016?

SGA Staff in “Operations & Engineering”

SGA Staff	Areas of Focus	Email
Gary Hines	Overall Transmission	ghines@southerngas.org
